I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I'm very disturbed by your proposed M.O.U. My doctor feels the specially-compounded medication I take, which can only be ordered out of state, is superior to ~~there~~ anything else I could be taking. I trust her judgment and urge you to reconsider your actions. I question who will be giving something by the adoption of this M.O.U.; it certainly will NOT be the average consumer, whose protection is your responsibility.
